

Vegetation Groups shown here are a mix of Vegetation Groups and Vegetation Types shown in Table 12.

They have been categorized to simplify viewing by grouping like vegetation types with similar percentages of Wetlands.

Imagery: 2020 true color orthoimagery, 0.5-foot
 Location Inset Background: USGS Topographic
 Coordinate System: NAD 1983 StatePlane Alaska 4 FIPS 5004 Feet
 Projection: Transverse Mercator
 Datum: North American 1983

- Study Area**
- Vegetation Group**
- Black Spruce Forest
 - White Spruce Forest
 - Mixed Forest
 - Deciduous Forest
 - Alder and/or Willow Shrub
 - Deciduous Shrub and Sapling Regrowth
 - Open Mixed Sedge-Shrub Tundra
 - Ericaceous Shrub Bog
 - Low Shrub Tundra
 - Mesic Herbaceous
 - Wet Herbaceous
 - Barren
 - Open Water
